Warm-up: Try these Fun Prompts!

Open your favorite AI (if you're not sure, try <https://chat.com>). Try typing these in while you enjoy your first glass:

1. **The Local Poet:** *"I am sitting in Emilie's in Glenbeigh. Write a short, funny poem about a rainy day in Kerry that ends with a sunny toast to sourdough and wine."*
2. **The Time Traveler:** *"Explain to a person from the year 1924 what an 'AI Smartphone' is, using only language and analogies they would understand."*
3. **The Menu Whisperer:** *"I'm at a woodfired bakery/tapas bar. Invent a fictional, 'magical' pizza topping combination that sounds delicious but also slightly impossible."*
4. **The Sommelier:** Take a photo of the tapas menu and ask the AI: *"Based on this menu, which three items should I choose if I want a mix of classic flavors and something adventurous?"*
